

SnorePlug™ Hearing Protection

Designed by dB Hearing, SnorePlug™ custom earplugs are ideal for situations where it is essential to block out sound such as snoring or traffic noise.

Each individual earplug is custom made for a perfect fit ensuring all night performance & comfort. Available in a choice of colours, SnorePlug™ custom earplugs are made from soft medical grade silicone and come complete with a storage case and skin care gel. SnorePlug™ earplugs will last for several years.

Ear impressions are required, please contact us for further information.
